

MODULE 4 GESTURE RESOURCES

MODULE 4: GESTURE DRAWING FOUNDATIONS

Below you will find multiple resources to assist you in drawing your daily gestures.

GESTURE DRAWING PHOTOGRAPHIC RESOURCES

Drawing gestures requires a large number of photo references of the figure, whether clothed or nude. The below websites are recommended resources for gesture images, whether free or paid.

Proko Poses for Artists: <http://www.proko.com/art-model-poses-for-artists/>

Art model Tips: <http://www.artmodeltips.com/poses/>

CharacterDesigns.com: <http://www.characterdesigns.com/>

Please note resources above feature nude model content that is not suitable for persons under the age of 18, or the relevant age in your country. Please ensure you are the legal age to view this content before using this resource.

GESTURE DRAWING WEB APPLICATIONS

The below website tools provide automated timing options (for example 60 second poses) to help make gesture drawing references and timing easy!

Quick Poses: <https://www.quickposes.com/en>

Quickposes contains an automated timing system and figure image library to help you quickly do your daily gesture drawings. The site also has category options for different types of poses and image material before you begin a drawing session. You can also track your progress via email when submitting you email before a gesture drawing session.

Please note this site features nude model content that is not suitable for persons under the age of 18, or the relevant age in your country. Please ensure you are the legal age to view this content before using this resource.

Pose Space: <https://www.posespace.com/posetool/default.aspx>

Pose Space has a large library of multiple poses with a posing tool, as well as an online store for purchasing their image libraries for your own gesture photo library collection.

Please note this site features nude model content that is not suitable for persons under the age of 18, or the relevant age in your country. Please ensure you are the legal age to view this content before using this resource.

Line of Action: <https://www.posespace.com/posetool/default.aspx>

Similar to the tools above, Line of Action provides an automated system for timing and presenting gesture photos for you to practice with. The site has a pleasing and clean layout, and is very user friendly.

Please note this site features nude model content that is not suitable for persons under the age of 18, or the relevant age in your country. Please ensure you are the legal age to view this content before using this resource.

GESTURE DRAWING PC APPLICATIONS

Pureref: <http://www.pureref.com/>

Pureref really is the best image viewer for viewing a library of gesture images or any reference images for your artwork. It's easy to use and you can easily navigate the references that you place into the Pureref window.
